

# The Red Cherry Group Difference!

---

**The Red Cherry Group** stands apart from other manufacturers of organic and natural botanical products for the spa and beauty industries following a cohesive and strict philosophy with passion and concern for the future of holistic, wellness and green practices.

These Professional and Retail Collections combine the proven medical rituals and alternative practices of global culture with Western health and wellness through whole plant research and treatments.

The Red Cherry Group Green Initiative...

Sustainability includes:

- Manufacturing with a green conscience using glass and stainless materials
- Reusing every cardboard box, packing materials and plastic from our material providers
- We accept unbroken cardboard boxes, filler & clean plastic packaging material on a daily bases.
- We work paperless through email but will ship paper information only by request
- We recycle every wooden palette
- We recycle responsibly
- Our product packing is glass and hard recyclable plastic
- Our labels are biodegradable, yes they will stain, but washable... No Vinyl here!
- Our samples packaging is recyclable hard plastic and glass. No foil and toxic plastic!

Product Ingredients and Integrity:

- No Chemicals, synthetics, toxins or compounds
- No Stabilizers, Emulsifiers, Alcohols, or Preservatives
- Certified Organic plant materials (ingredients)
- Natural Botanical Organic harvested
